ASSET FRACTION OWNERSHIP AND FIXED RENTAL AGREEMENT

This Agreement is electronically executed on [Date] between:

Agent Alliance Pvt. Ltd., a company incorporated under the laws of India, bearing **CIN U74999UP2021PTC146734**, having its registered office at **4th Floor, Tower-1, Assotech Business Cresterra, Sector 135, Noida, Gautam Buddha Nagar, Uttar Pradesh - 201304**, India, operating under its trademark **"Bunndle"**, represented by its duly authorised signatory, hereinafter referred to as the "Company";

AND

[Full Legal Name], residing at [Complete Address], bearing PAN [●], mobile number [●], and email address [●], hereinafter referred to as the "**Fraction Owner**".

The Company and the Fraction Owner are individually referred to as a "Party" and collectively as the "Parties". The Parties agree as follows:

1. Asset and Commercial Particulars

Asset Name: [●]
Asset Code: [●]
Registered Legal Owner: [●]
Total Asset Value: ₹[●]
Total Number of fractions: [●]
Amount Per Fraction: ₹[●]
Number of Fractions Acquired: [●]
Total Amount Paid: ₹[●]
Acquisition Date: [●]
Fixed Monthly Rental per Fraction: ₹[●]
Total Fixed Monthly Rental: ₹[●]
Rental Commencement Date: [●]
Rental Term: [●] months
Rental Expiry Date: [●]

The Acquisition Date means the date on which cleared payment has been received and the fractions have been validly allotted or transferred following completion of the required documentation.

2. Fraction Owner Bank Details

Account Holder Name: [●]
Bank Name: [●]
Account Number: [●]
IFSC Code: [●]
Account Type: [Savings / Current]

Designated Rental Payout Account: The above verified bank account shall be used for payment of monthly rental and other amounts payable to the Fraction Owner under this Agreement.

3. Eligibility and KYC

The Fraction Owner confirms that they are at least eighteen years old, legally competent to enter into this Agreement, and acquiring the fractions using lawfully sourced funds.

The Fraction Owner shall provide accurate identity, address, PAN, bank account, and other required verification documents and promptly communicate any changes.

False, forged, or misleading information may result in rejection, suspension, or cancellation, subject to applicable law. Such action shall not automatically forfeit ownership or amounts lawfully due.

4. Asset Fraction Ownership

The Company shall retain **between 20% and 30% ownership of the Asset**. The corresponding remaining **70% to 80% ownership** may be acquired by eligible Fraction Owners.

The Fraction Owner shall hold only the percentage actually acquired, paid for, and legally documented. Unallocated fractions shall remain with their documented lawful holder.

The Company shall disclose the legal title arrangement, existing financing, and material restrictions affecting the Asset before acquisition. Applicable ownership and transfer formalities shall be completed; a payment receipt or Platform entry alone does not replace them.

The Fraction Owner's ownership percentage shall not be diluted without written consent, except where required by law or a binding order.

5. Acquisition and Operational Authority

The Company shall acknowledge payment and provide an acquisition statement recording the Asset, fractions acquired, ownership percentage, and Acquisition Date.

If acquisition cannot be completed for reasons not attributable to the Fraction Owner, the amount received shall be refunded within **7 business days**, without an exit fee.

The Fraction Owner authorises the Company to possess, commercially deploy, lease, operate, and manage the Asset during the agreed rental term.

The Company may appoint lessees, operators, and service providers and shall exercise reasonable care in managing the Asset. The Fraction Owner shall not demand personal possession or interfere with daily operations unless separately agreed.

Additional financing or security affecting the Fraction Owner's ownership shall require the necessary written consent.

6. Fixed Monthly Rental

The Company shall pay the Fraction Owner a fixed monthly rental of **₹[Amount] (Rupees [Amount in Words] Only)** for the acquired fractions during the agreed rental term.

The total monthly rental shall equal the fixed monthly rental per fraction multiplied by the number of fractions acquired.

This amount shall remain unchanged during the rental term unless revised by mutual written agreement. It is a contractual payment obligation of the Company and is not calculated by distributing the Asset's actual monthly income.

Asset vacancy, non-deployment, lessee payment delays or defaults, repairs, maintenance, and changes in operating income shall not reduce or suspend the fixed monthly rental.

The exact ownership percentage retained by the Company and the corresponding ownership percentage available to Fraction Owners shall be specified in the Asset-specific particulars and shall together equal 100%.

7. Payment Schedule

Monthly rental shall be paid between the 7th and 10th day of the following month to the Fraction Owner's verified bank account.

Rental shall accrue from the Rental Commencement Date. For a partial month, rental shall be calculated proportionately using the eligible calendar days divided by the total calendar days in that month.

Changes to bank details should be submitted at least ten days before the scheduled payout and shall be subject to verification.

8. Net Rental Amount and Final Disbursement

The Parties expressly agree and acknowledge that the rental amount specified under this Agreement shall constitute the final and net rental amount payable to the Fraction Owner. The said rental amount shall be the amount actually disbursed and credited to the Fraction Owner's designated bank account.

The rental amount specified herein shall be deemed to be net of all applicable taxes, statutory deductions, withholding taxes/TDS, and costs and expenses relating to the routine maintenance, servicing and upkeep of the machinery, as applicable under the terms of this Agreement. Accordingly, the Fraction Owner shall receive the rental amount specified in this Agreement as the final amount credited to the designated bank account, after accounting for the aforesaid taxes, deductions, maintenance costs and expenses.

No further deduction shall be made from the stated rental amount towards any tax, TDS, maintenance, servicing or upkeep expense that has already been accounted for in determining such net rental amount, except where any additional deduction is mandatorily required under applicable law.

For the avoidance of doubt, the rental amount stated in this Agreement represents the net amount receivable by the Fraction Owner and not a gross rental amount, subject always to applicable law and the specific terms of this Agreement.

9. Maintenance, Insurance, and Operating Costs

The Company shall arrange and bear the costs of routine maintenance, servicing, repairs, insurance, permits, and lawful operation during the rental term. Such costs, management fees, and reserves shall not be deducted again from the net fixed rental stated under this Agreement.

The Company shall maintain appropriate insurance and reasonably pursue valid claims. Material damage, theft, prolonged downtime, or repossession risk shall be communicated to the Fraction Owner.

Insurance recovery remains subject to policy conditions and the insurer's decision.
Insurance proceeds shall be applied towards repair or lawful settlement of the Asset.

Damage or loss shall not itself extinguish accrued rental or automatically end the rental obligation. Any termination and settlement following permanent loss shall be documented in writing or determined under applicable law.

Neither Party is relieved of responsibility for losses caused by its negligence, fraud, or breach.

10. Delayed Rental Payments

If rental remains unpaid beyond the 10th day of the following month for reasons attributable to the Company, the Company shall pay ₹100 per calendar day, starting from the 11th day until the overdue rental is paid, subject to applicable law.

This daily amount applies per Fraction Owner under this Agreement and shall not multiply according to the number of fractions or overlapping overdue monthly payments.

Delay compensation shall not apply for periods during which payment is directly prevented by incorrect bank details supplied by the Fraction Owner, legally required restrictions, or a qualifying force majeure event directly preventing payment.

Lessee default, Asset vacancy, non-deployment, or lack of funds shall not excuse the Company's fixed rental payment obligation.

11. Lock-in Period and Early Exit

The minimum lock-in period shall be six months from the Acquisition Date, unless another period is expressly agreed in writing. However, fractions purchased under any promotional offer, scheme, or special benefit shall be subject to a mandatory twelve (12) month lock-in period.

An early exit is subject to an available lawful transfer or other agreed exit mechanism.

An approved early exit may attract a charge equivalent to one month of the total fixed monthly rental stated in Clause 1, in addition to the applicable processing/service fee specified under Clause 12.

Any charge shall be reasonable, subject to applicable law, and shall not duplicate recovery for the same loss. No early exit charge shall apply where exit results from an unremedied material breach by the Company or where prohibited by law.

12. Exit Procedure and Depreciation

After the lock-in period, the Fraction Owner may request an exit through an approved transfer, a separately agreed purchase, or disposal of the Asset.

A processing/service fee shall be payable upon successful completion of the exit. If the exit is completed before the first anniversary of the Acquisition Date, the applicable processing/service fee shall be ₹3,000 plus applicable GST. If the exit is completed on or after the first anniversary of the Acquisition Date, the applicable processing/service fee shall be ₹415 plus applicable GST.

Where the Parties expressly agree to a depreciation-based exit, the original acquisition amount shall be reduced by 10% for each completed year from the Acquisition Date: 10% after one year, 20% after two years, 30% after three years, and so on, capped at 50%.

No annual depreciation deduction shall apply before completion of the first year. Applicable taxes, agreed exit charges, and documented liabilities shall be separately itemised.

Completion of the lock-in period does not guarantee an immediate buyer or repayment of the original acquisition amount. The Company is not obliged to purchase the fractions unless separately agreed in writing.

Ownership continues until the effective transfer date. Fixed rental continues during the agreed rental term until an earlier completed exit or Asset sale. Submitting an exit request alone does not stop rental.

Settlement shall be completed within **7 business days** after receipt of cleared funds and completion of required formalities. An actual third-party transfer shall use the accepted transfer price.

13. Rental Term, Transfer, and Risks

Expiry of the rental term shall end future fixed rental accrual unless renewed in writing. It shall not automatically extinguish ownership or require repayment of the acquisition amount.

Fractions may be sold, assigned, pledged, or otherwise transferred only through a permitted mechanism, subject to applicable law, KYC, and required documentation.

The Fraction Owner acknowledges that Asset value and exit timing may be affected by depreciation, damage, market demand, financing restrictions, and availability of buyers. Sale or exit proceeds may be lower than the acquisition amount.

The fixed rental is an obligation of the Company, and its recovery remains exposed to the Company's ability to pay. It does not guarantee the Asset's resale value.

These acknowledgements do not reduce the agreed rental obligation or waive rights arising from fraud, negligence, misrepresentation, or breach.

14. Records, Communication, and Amendments

The Company shall maintain Asset-specific ownership, rental, and settlement records and provide reasonable information necessary to verify the Fraction Owner's entitlement.

No undisclosed fee or unrelated expense shall be deducted from amounts payable. Any additional contribution requires a separate written agreement.

The Fraction Owner authorises operational communications through phone, SMS, WhatsApp, email, and in-app notifications. Personal information shall be handled in accordance with applicable law and the disclosed privacy notice.

Changes affecting ownership, fixed rental, the rental term, agreed fees, lock-in, or depreciation require written consent, except where required by law.

15. Breach and Force Majeure

A Party alleging material breach shall provide written notice and allow 15 days for remedy where possible. Immediate protective action may be taken where reasonably necessary in cases of fraud, unlawful activity, or binding legal directions.

Termination shall not automatically forfeit ownership, accrued rental, or other amounts lawfully due. The Parties shall cooperate in lawful transfer, alternative management, or disposal and settlement.

A Party directly prevented from performing an obligation by an event beyond its reasonable control shall promptly notify the other Party and take reasonable mitigation steps.

Force majeure shall not cancel accrued rental. Any temporary relief from payment timing shall apply only for the period during which payment itself is directly prevented. Ordinary market changes, lessee default, lack of funds, or non-deployment alone shall not constitute force majeure.

16. Governing Law and Disputes

This Agreement shall be governed by the laws of India. The Parties shall first attempt an amicable resolution within 30 days of written notice of a dispute.

Unresolved disputes shall be subject to competent courts at Noida, Gautam Buddha Nagar, Uttar Pradesh, subject to applicable law and mandatory statutory remedies.

This Agreement and its completed particulars constitute the agreement between the Parties for the specified Asset fractions. Applicable stamp duty, registration, transfer, and regulatory requirements shall be complied with. The terminology used does not override those requirements.

17. Digital Execution

The Parties agree to execute this Agreement through legally permitted digital or electronic signatures. The Company shall be represented by its duly authorised signatory.

All bracketed particulars shall be completed before signing. The completed Agreement and available authentication records, timestamps, and audit trail shall be retained, and a signed copy shall be provided to each Party.

Digital execution does not dispense with applicable stamp duty, registration, or ownership transfer formalities. An unsigned signature field or typed name alone does not establish completion of the agreed signing process.

DECLARATION AND ACCEPTANCE

The Parties confirm that they have read, understood, and accepted this Agreement, including the ownership structure, fixed monthly rental, rental term, net rental and final disbursement provisions, taxes, lock-in, exit charges, depreciation, and digital execution provisions.
